Based Public Key (PKI) Certificates

<http://internetcouncil.nacha.org>

NACHA Digital Signature/Certificate Pilots

The Business Model

Current NACHA/TIC Pilots

- **Internet Secure ATM Payments (ISAP):**
Enables consumer use of ATM/debit cards for Internet purchases - providing real-time authorization of funds. Uses Public Key (PKI) technology to authenticate consumers over Internet
- **Credit Push:** Pilot an online payment mechanism, using PKI, for One-Time, Non-Recurring Transactions to enable immediate access to customer accounts

Pilot Business case(s) and meeting schedule on the TIC Web site
